

An underwater scene featuring a vibrant coral reef. In the foreground, there are purple and pink coral structures. Several colorful fish are visible, including a large striped butterflyfish, a smaller striped butterflyfish, a clownfish, and a dark striped fish. The background is a deep blue ocean with more coral and smaller fish. The text 'ENVIRONMENT DAY' is overlaid in large white letters at the top, and 'Día del medio ambiente' is written in a cursive font on the right side. A faint watermark 'Genova' is visible in the center.

ENVIRONMENT DAY

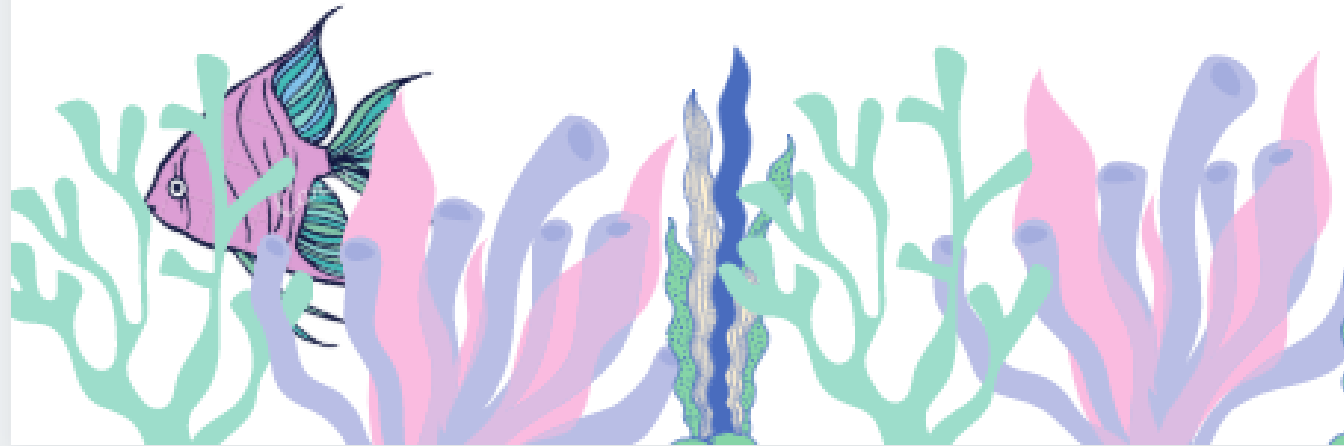

Día del medio ambiente

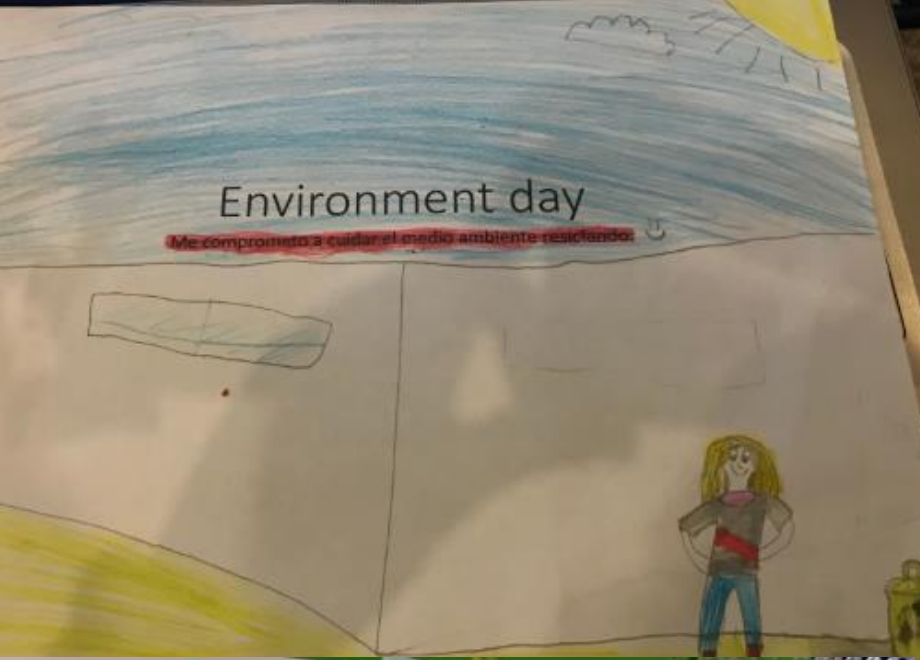

Para celebrar el día del medio ambiente los segundos básicos leyeron el cuento "Turtle in trouble" que les permitió reflexionar sobre la importancia de cuidar el medio ambiente.

Para finalizar cada uno debió comprometerse con una acción para cuidar el medio ambiente y dibujarla.

Aquí se muestran algunos de esos trabajos.
